Experience

Sony AI | Barcelona

Software Engineer (Front-End Focus) | 01/2025 - Present

- Owned and developed the **frontend and backend for frontend layer** of an AI-driven biomedical research tool, transforming a foundational UI into a functional MVP in collaboration with a designer, integrating backend microservices provided by the team.
- Iterated on features and workflows as research and product requirements evolved
- Implemented **interactive, data-rich visualizations** using **D3.js** to enable easier understanding of complex data
- Built and maintained **Node.js APIs with MongoDB**, connecting the UI to multiple backend microservices while ensuring scalable and reliable data flows
- Worked with **Dockerized services** and cloud-hosted microservices, accessing **AWS EC2 instances via SSH** for integration and debugging

Freelance | Barcelona

Full-Stack Developer | 08/2023 - 07/2025

- Designed and developed **full-stack websites** for small businesses, building **frontend interfaces with React, Next.js, Vue, and Astro** and **backend APIs in Node.js**
- Integrated **Sanity** as a headless CMS with custom content models, enabling client updates and customizable websites
- Managed **image storage and delivery** using **AWS S3** and **Cloudinary**.
- Implemented **secure payment processing** using **Stripe Checkout**, handling webhooks and edge cases.
- Designed and implemented **JWT-based authentication and authorization flows**
- Maintained and supported **production websites**, ensuring reliability, performance, and client satisfaction.

Education

Universitat Oberta de Catalunya | Barcelona

Software Engineering | 06/2028

Universitat Oberta de Catalunya | Barcelona

Bachelors in Communication & Minor in Web Development | 06/2025

Open Source

Full-Stack Bootcamp | 01/2024
